ENGINEERING YOUR SUCCESS.

Product Obsolescence Bulletin EMDE453

Discontinuation of VIX Stepper & Servo Drive Series

From 30th June 2019 Parker Hannifin's Electromechanical & Drives Division Europe (EMDE) will be discontinuing the sale of the VIX stepper and servo drive series due problems sourcing key components. This obsolescence includes all VIX accessories and cables as well.

Obsolescence and last-time buy

Obsolescence date: 30th September 2019

Last order date: 30th June 2019 dependent on availability - please check with Division

Repairs

Repairs services will remain active for the time being dependent on availability of components. VIX drives can be sent in for evaluation and repair. The standard time for repair is 1 month.

Suggested replacement

A direct replacement for the VIX drive family is not available.

If you have any other questions or require support, please do not hesitate to contact our customer service team at EM-Motion@parker.com

Should you require additional information, please contact [Hermann Kamphues](#)
